"I think for us the best event we have done was our dig pink breast cancer game as well as holiday shopping for breast cancer patients. Seeing these things impact the local community here in Worcester especially with Melissa (Head VB coach) going through the fight with breast cancer I think meant a lot to our team but especially our program. To see our efforts going to a local cause and to help people in our community I think made us feel that much more connected to what we were doing."

"It's great to get involved in the community and to help people that are supporting us. It's humbling to remove ourselves from the busy World we're in to help out others in ways that they could not by themselves. We gain a lot of unteachable skills through doing this as well."

**-Jared Fleming, Wrestling Student Athlete**

### Top DIII Women's Team

**Alma College**

Women's Lacrosse

**564 Hours**

28+ Hours Per Student-Athlete

"I have always been big on volunteering but being a student athlete has helped me recognize the privilege I have, and the abled body I was given to give back to those who just need a little extra help. I think this is important for all students to recognize because we will be the source of change if we use these advantages to help others."
