# 2020–2021 Helper Helper REPORT

**The 2020–2021 school year brought challenges to every aspect of the student-athlete experience. From postponed seasons and canceled games to team quarantines and virtual classes, these changes included the ways in which student-athletes were able to engage with their communities. New and creative ways to reach people were rolled out as elementary school visits turned into zoom calls, visits to animal shelters changed to students creating dog toys out of old t-shirts. Letters were written, videos were made, food was donated as these student-athletes found safe ways to support those in need. While participation and hours may be lower than some of the past years, the spirit of giving back and helping others is as high as ever!**
